CLASSYS

AQUAPURE :

The Ultimate Face & Body Experience

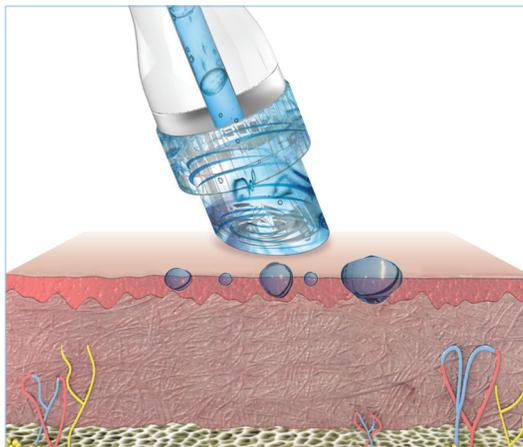

The AQUAPURE is a non-invasive, multifunctional facial care device that treats a variety of skin conditions in patients with diverse skin profiles.

Each AQUAPURE handpiece works to promote skin tightness and rejuvenation with skin-nourishing solutions that deliver immediate results.

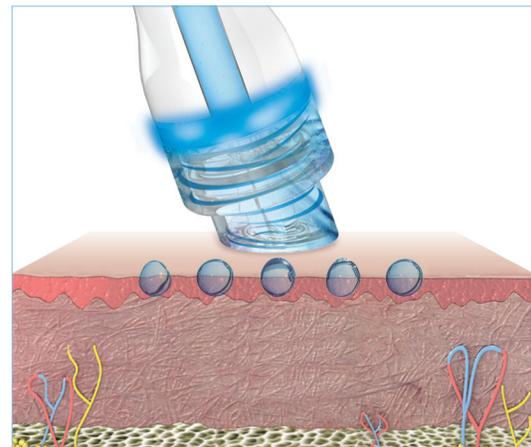

Uniform Spray Control Technology

The AQUAPEEL spray control knob delivers equal distribution of applied solutions at a range of 10 levels. Addressing this concern within a microdermabrasion technology maximizes treatment efficiency and results.

- The AQUAPEEL spray control knob delivers equal distribution of applied solutions.
- Solution distribution frequency adjusted at a range of 10 levels.

vs

- Customizable for patient and different skin type/condition.
- Maximizes treatment efficiency and results.

User-Focused Smart Auto Reaction

The Smart Auto-Reaction Interface detects and enables automatic recognition to all activated handpieces.

Subtle & Stable Electroporation Process

The Precision of the ELECTROPORATION Handpieces transfers controlled stimulation to skin without signs of irritation.

AQUAPURE

Optimized Technology for dermal treatments

Get AQUAPURE to rejuvenate your skin with immediate results.

AQUAPURE Care

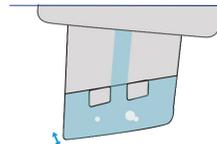

The new solution for the Head

Newly developed scalp treatments in dermabrasion can play a valuable role in **maintaining scalp health, promoting hair growth, treating scalp conditions, and improving the appearance** of the scalp.

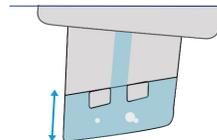

Longer tip

The extended nozzle outlet enables the smooth treatment procedure without obstacles from the hair.

Slimmer tip

Securely sticks to the scalp resulting effective treatment without experiencing any loss of pressure.

Hold more solutions

Adequately removes dead skin and impurities.

Key Benefits

Exfoliation

Promotes circulation

Scalp cleanliness

Hair growth

Scalp wellness

Clinical effect

AQUAPURE

from Head-to-Toe

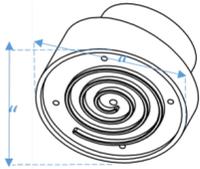

The new solution for the body

AQUAPURE body exfoliates the skin, removing the dirt and dead cells . Skin cells can block hair follicles from growing outward, causing the hair to grow sideways under the skin.

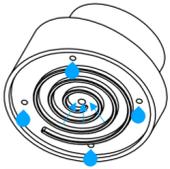

Wider tip

Tip is 12 times larger than other tips, enabling faster and more efficient treatment of broader areas

Balance tip

Convenient treatment with uniform force application horizontally and vertically

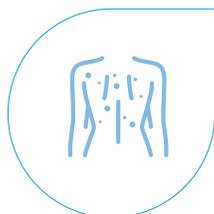

Hold more solutions

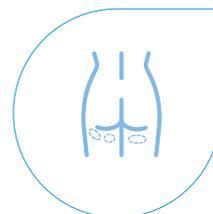

Excretion and suction of solutions suitable for body areas

Key Benefits

Helps control acne

Pigmentation renewal

AQUASOLUTION

PEEL+

The first step of treatment is the process of non-irritating skin scaling which facilitates accelerated exfoliation, the removal of dead skin cells and other impurities.

Cluederm
AQUASOLUTION
PEEL+
Formulated for dry to normal skin
Professional Use Only
Gluconamine HCl
Polymerising solution
16.7 Fl. oz. / 500 ml

PEEL+ 1

SEBO+

The second step of treatment is for sebum dissolution, treatment of blackheads, and effective pore control. This assists the skin to balance between oily and moisture textures.

Cluederm
AQUASOLUTION
SEBO+
Formulated for oily & congested skin
Professional Use Only
Salicylic acid
Purifying solution
16.7 Fl. oz. / 500 ml

SEBO+ 2

REJUVE+

The final step of treatment promotes skin elasticity by inducing collagen and elastin regeneration and improving the inhibition of moisture loss by improving water retention.

Cluederm
AQUASOLUTION
REJUVE+
Safe for all skin types
Professional Use Only
Infused antioxidant serum with
Matrix peptides and patented,
naturally derived ingredients
16.7 Fl. oz. / 500 ml

REJUVE+ 3

CLEANSYS

To provide a convenient cleaning agent specifically made for the needs of the system, CLEANSYS assists in easy maintenance of AQUAPURE.

Cluederm
AQUASOLUTION
CLEANSYS
System cleaning solution
Professional Use Only
Active system cleaning agent
for back and safe removal
16.7 Fl. oz. / 500 ml

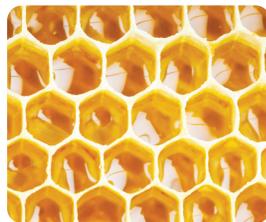

CLEANSYS

Clinical effect

A combination of natural extracts, Hyaluronic Acid, and a complex of Peptides complement the patented technology, to provide the highest grade of laboriously selected and nutritious ingredients.
